07.07.17

AAC meeting minutes

S. NO	Agenda/Discussion Points
1	Curriculum Enrichment
2	Industry Institute interaction.
3	Higher studies, Placement and Training.
4	R&D Activities.

The first meeting for the academic year 2017-18 was held on 07-07-2017, 11.00 AM at conference hall. The chairman welcomed the members and briefed about the ongoing activities of the department. He also briefed the salient points of the previous meeting, action taken and agenda of the present meeting to all the members. The following points are discussed in the meeting

Curriculum Enrichment:

Chairman presented the attainment of CO in the year 2016-17.

An overview of 2017 regulation CBCS system was presented and the noteworthy changes in comparison with the earlier regulation were highlighted.

Dr. K.Boopathi shared that the rule and regulation of the 2017 regulation CBCS system would take education system as par the global standard. It is also helpful to the learners to choose courses and papers as per their choice and interest.

Dr.P.Somasundaram informed that Python programming is introduced to all first year students. Hence initiatives need to be taken for excelling the students in Python

Dr M. Prabhakar explained how python supports various frame work and hence students must be motivated for addon/certification course in Python for enhancing their computational skills

Mr. Parveez Hussain recommended for NPTEL , MOOC online courses related to python and environmental science.

Dr. Somasundaram suggested that the students should be trained to sell themselves in the competitive market by identifying the gap between the Institution and Industries.

Dr. K.Boopathi revealed a new course on Environmental Science and Engineering is introduced to create awareness among today's generation on pressing environmental problems. Activity based learning need to be introduced to develop an understanding of physical and living environment and how to resolve the challenges in nature

PO and PSO Attainment for 2016 batch:

Chairman informed that students are not aware of social responsibilities and environmental hazards. They have to be motivated for general awareness on health, society, environment etc. Thus, PO6 to PO11 attainment level is very low. Students are also lagging in professional writing and interpersonal skills.

Mr.S.Selvakumar suggested to give contacts for conducting programmes on social awareness. As a MD, they used to conduct such programs in corporate level.

Attainment of PSO is good except PSO3. More computational language has to be introduced to students to attain the PSO3.

Chairman presented the **PEO attainment for 2012 – 2016 batch**. Students are well placed in industries as well as pursuing higher studies. They are able to adapt the new technologies with the help of value added courses given by the department.

Chairman presented the **PEO attainment for 2012 – 2016 batch**. Students are well placed in industries as well as pursuing higher studies. They are able to adapt the new technologies with the help of value added courses given by the department.

Mr.S.Selvakumar suggested to conduct more workshops than seminar for the students to gain knowledge on latest technology through hands on training.

Chairman presented the CCM minutes and discussed result, innovative teaching methodologies to be followed for the forthcoming semester.

He also highlighted the events such as Guest lecture, Value added course and industrial visits organized in the department.

Chairman discussed the Alumni feedback obtained during the alumni meet was conducted. The following are the points given by the Alumni.

- a. Inplant Training should be encouraged only in core companies
- b. More motivation should be given to students to do their research in foreign
- c. Awareness regarding the government jobs should be given to students
- d. Product based projects need to be encouraged and Institution should encourage the students to apply for patents.

e. More motivation should be encouraged for Entrepreneurship development

Mr. Vinoth Kumar informed that the new curriculum focusses on application based teaching.

Industry Institute interaction:

Chairman informed that last semester 37 students have attended inplant training and 30 students of final year have undergone internship training. Students have applied for bonafide to attend inplant training in the semester holidays.

Dr.Dharmalingam recommended students to attend inplant training in core companies.

Higher studies, Placement and Training:

Chairman informed that awareness was created to students to prepare for GATE exam and to do higher studies. Many off campus are also conducted and expected all the students to be placed.

Dr.Jaysankar suggested to motivate students to give equal importance to academic as well as personality development for better placement

R&D Activities:

Chairman informed that our faculty had published research article in the UGC journals.

Finally, he thanked everyone for their valuable suggestions.
