Activity Based Learning MY ENVIRONMENT

Help to Restore Nature on Earth

Leadership Skills

Team Building

Communication

Events Coordination

Technology for Society

Time Management

Resource Management

Logistics Planning

Negotiation

Responsibility

ABL

I wish you a very happy and academically highly rewarding student life in PEC and hope that you will be your good deeds enhance the pride and prestige of this prestigious institution.

My heartiest welcome to all the young and budding Engineers who have joined Prathyusha Engineering College (PEC), with the help of well qualified and dedicated staff members, we will be moulding the students to the required outset which will make them industry-ready and employable.

Dr.P.L.N.RAMESH

PRINCIPAL

PEC offers a wide variety of programmes. The technology driven instructive approach, delivered by well qualified and dedicated faculty ensures that the students who graduate from PEC are a class apart from the rest.

The faculty work towards not just developing knowledge but also instilling the right attitude and skills in the students for a holistic education relevant in a globalized context. The activities of various clubs on the campus ensure that the students are dynamic and well groomed in social and event management skills.

At PEC, we have a tradition of nurturing leadership qualities alongside developing capabilities to challenge the state of art technologies. This we do by inspiring you to involve into a whole lot of innovative projects being pursued by the inspired student community under the guidance of their faculty mentors.

We offer a wide variety of programs in our college by encouraging our students to explore their skills one among which is ABL activity. This event is completely involved with student volunteering and participation. The activity involves winners but not runners as they are learners. The main reason for conducting this event is to make our student explore their skills and knowledge in an innovative way which is spread all over through all social networks

I am glad to present the highlights of activity based learning on the theme “my environment”.

The main aim of activity based learning is connecting technology to the society

Our management has initiated this “ACTIVITY BASED LEARNING” concept with a vision, to create awareness among our students about the societal needs and to encourage them to explore the possible solutions.

Miss.K.BRUNDHA
THEMECONVENOR
CIVIL DEPARTMENT

The plan here is, a theme is chosen and focused for 2-3 weeks span. A Theme like agriculture, social media usage, air pollution, women empowerment and child safety, etc. Will be identified by our student coordinators in an open brainstorming session for every fortnight. Students from all departments will come-up with various solutions for the issues related to the chosen theme. And that may lead to new project idea, knowledge synthesis, mobile application, art work, creating awareness through field work and Rally, etc.

Coordinators for each activity have volunteered to take up the responsibility. Complete planning, scheduling, logistics arrangements, social media event promotion and actual execution were done by this team. The entire cycle has been completed in just 2 days of planning, 2 days of preparation and 7 days of execution.

In this theme MY Environment All the coordinators have done a wonderful job and as a 1st event it is really appreciable that over 38 coordinators, almost 450 participants have participated

I congratulate all the co-ordinators,who made this ABL activity possible and made it a grand success.

I thank our management, Principal, Hods, all staff and students for your enormous support for ABL-MY ENVIRONMENT. And special thanks for Dr.Chitra mam,HOD/ IT Department for being a backbone and supporting us.

THANK YOU.

It is my immense pleasure to present the report on the ABL-MY ENVIRONMENT in front of you today.

Our Management has initiated this “Activity Based Learning” model , With a vision of creating a societal connect to the Engineering Education.

I had the privilege of being the overall coordinator for the series of activities planned as part of the theme “MY ENVIRONMENT”.

14 activities have been nominated by our friends for this theme “MY ENVIRONMENT”, and two coordinators per activity have been identified in an open forum with all 3rd years.

The complete planning was done in just 1 week and the execution started on 16th December 2019 with QUIZ as the first activity.

P.GOWTHAM
OVERALL COORDINATOR
MECHANICAL DEPARTMENT

196 students have turned up for the event indicating the huge response from our friends from all departments.

Followed by Project Expo , Concept Presentation, Poster Presentation, Calligraphy, Photography, MEME creation, Short film, Dance, MIME, Drama, Field Work, Rally & Debate.

The significance of this is, all these 14 activities have been conducted in a span of just 7 working days, that too by the student coordinators.

This experience has helped us to learn a lot in a big way, right from planning, scheduling, logistics arrangements, people management and time management.

This series of activities provided a platform for our friends to showcase their talents, explore new ideas, creativity and as whole helped us to understand the societal need.

I am happy that I have been a part of this new initiative.

Today, we can witness the success of this initiative and, definitely there is a long way ahead to go. We, the ABL coordinators assure that this initiative will be taken forward with even more enthusiasm with a Big number of participation of our friends for the next theme.

Next theme will be announced shortly and Guys, just be ready.

Thank you all for this wonderful opportunity.

Thank you.

DEBATE

DEBATE is to make the students to speak fluently and boldly for any particular topic or content even providing on spot. Tolerance and patience was planted deep inside our mind. This provided us courage to speak in front of a group . Participants were able to address a range of audience and put forth the arguments in a right way with right spirit were the main benefits of this event.

CONCEPT PRESENTATION

CONCEPT PRESENTATION creates courage and to remove fear and to represent themselves unique by packing up their ideas onto a single screen within a limited time duration. Also make everyone understand the concept and technology without complexity. New ideas and techniques to save nature have been presented by the participants. This event connects the technologies learnt in class room to providing solutions to societal needs.

ART OUT OF WASTE

WINNERS

SNO	NAMES	YEAR	DEPARTMENT
1	SAI YASAWANI	THIRD	BIO-TECH
2	JANANI M	THIRD	BIO-TECH

RUNNERS

SNO	NAMES	YEAR	DEPARTMENT
1	SARANYA	THIRD	CSE
2	THILAGAVATHI	THIRD	CSE
3	SHARON CYNTHA	THIRD	CSE

PAINTING

WINNERS

SNO	NAMES	YEAR	DEPARTMENT
1	GOVARDHAN REDDY	SECOND	EEE

RUNNERS

SNO	NAMES	YEAR	DEPARTMENT
1	VAISHALI	THIRD	BIO-TECH
2	BHAVANI	THIRD	BIO-TECH

POSTER PRESENTATION

WINNERS

SNO	NAMES	YEAR	DEPARTMENT
1	YAMINI NISHA	THIRD	BIO-TECH
2	SHANTHINI DEVI	THIRD	BIO-TECH

RUNNERS

SNO	NAMES	YEAR	DEPARTMENT
1	SOWIMYA	THIRD	EEE
2	KAVIPRIYA	THIRD	EEE

OUTCOME

- ✓ Inculcating Team Work
- ✓ Learning Team coordination and team spirit
- ✓ Improving Communication Skills
- ✓ Expression of Thought
- ✓ Communicating to the group of audience

MEMES

MEMES is to nurture the importance and requirement of saving our environment by creating memes. Social media trend setters and obsessive things to the youngsters can use MEMES to present their ideas in a unique and novel way. Handling the activity made coordinators to experience immense knowledge about managing skills.

COORDINATORS
