CRITERIA 6

Governance, Leadership and Management

6.3.4

6.3.4 Average percentage of teachers undergoing online/face-to-face Faculty development Programmes (FDP) (Professional Development Programmes, Orientation/Induction Programmes, Refresher Course, Short Term Course etc.)

2018-2019

6.3.4 Average percentage of teachers undergoing online/ face-to-face Faculty Development Programmes (FDP) during the last five years (Professional Development Programmes, Orientation / Induction Programmes, Refresher Course, Short Term Course etc.) (5)

gave an idea of about variables and its types including the difference between
PLSQL. Post lunch was full of hand on where we practiced what all was taught on that day.

The second day of FDP started with hands on session of basic PL/SQL programming which included data types and variables. The session continued with control statements and nested loops. We went on doing programs using different looping statements. He also covered what is the need of cursor, their usage in applications. He made us to understand all about locks, how to code and why to use it. Final session was an overview of Exception Handling. Followed by this we took up midterm assessment for first semester which consists of 50 questions.

The third day he continued the in-depth ways of Exception Handling. All the topics were included with sample programs. He elaborated the purpose and usage of procedure and how to write program using it. He explain us how to use triggers and gave an assignment on that topic. After this we took up our final Semester I exam, containing 50 questions.

PRATHYUSHA ENGINEERING COLLEGE
REPORT ON FACULTY DEVELOPMENT PROGRAM ON
"ORACLE PROGRAMMING USING PL/SQL"

22.10.2018 - 26.10.2018

A five days Faculty development Program was organised by ICT Academy at B.S.Abdur Rahman University from 22.10.2018 to 26.10.2018. The inauguration ceremony was headed Mr.V T L Rao, Oracle Certified Trainer from Oracle University and Mr. Murugavel from ICT academy. We had a break after inauguration and we received a welcome kit of a notepad and a pen after registration.

All the five days sessions was handled by Mr.VT Lingeshwararao. First day he introduced us the overview of oracle and environments available to carry over various applications and its interrelated databases. The real time applications in comparison with other tools were discussed. He also listed the different data types and examples for each. He gave an idea of about variables and its types including the difference between them in PLSQL. Post lunch was full of hand on where we practiced what all was taught on that day.

The second day of FDP started with hands on session of basic PL/SQL programming which included data types and variables. The session continued with control statements and nested loops. We went on doing programs using different looping statements. He also covered what is the need of cursor, their usage in applications. He made us to understand all about locks, how to code and why to use it. Final session was an overview of Exception Handling. Followed by this we took up midterm assessment for first semester which consists of 50 questions.

The third day he continued the in-depth ways of Exception Handling. All the topics were included with sample programs. He elaborated the purpose and usage of procedure and how to write program using it. He explain us how to use triggers and gave an assignment on that topic. After this we took up our final Semester I exam, containing 50 questions.

The next day, he introduced about packages and explained about user creation and granting permission for it. Also he explained how to implement bodiless packages and made us to work on it. During the afternoon session he explained the concept of overloading

subprograms and overloading the standard packages in our program. Final session was all about Native Dynamic SQL. We completed mid-term exam of semester II, and cleared that level.

The final day session was on how to create workspace for students and giving them username and password to work on it during our training in college. Also taught us of how to issue login for students in i-learning portal and through this portal they can learn all about PL/SQL. They also can take up the quiz and assessment through this portal. Finally we took up our final Semester II exam and we were certified to receive our oracle certificate.

In valedictory session feedback from various participants were given. Dr.M.Sandhya,HOD/CSE, delivered valedictory address and thanked all the participants. The FDP was useful for us. The same knowledge can be imparted to our student community which would be helpful for them to learn about Oracle and to meet their industry needs. We are thankful to the Management, Principal and our HODs for giving us permission to attend the FDP.
