

7.1.7 Report on disabled-friendly, barrier free environment.

College has various provisions in creating a disabled friendly campus. For the benefit of the disabled persons, the College has provided ramps at every possible place and has also provided friendly washrooms .

Disabled friendly washroom

A toilet, is made on comfort heights to address the inconvenience bought by disabilities by providing more space. Separate disabled friendly washrooms are available in the PEC campus with scheduled maintenance, cleanliness and hygiene and it is available in ground floor of all building in college campus.

Signage:

Educational institutions need to comply with the safety laws and rules and it is essential for them to place the safety signs as per the defined guidelines. These signs ensure the safety of the students in case of any emergencies.

Ramp Facility for disabled person:

One of the major objectives of all education programs that have been implemented at present is to be develop an inclusive education system by providing access to disabilities. Provision of ramp facility is one of the indicators in this regard. Our college had provide the ramp facility for the disabled person in our college campus for the easy access of various places in the college by the disabled students.
