

## PRATHYUSHA ENGINEERING COLLEGE

### Minutes of IIPC committee meeting held on 23.06.2022

1. The meeting commenced with an introduction to the agenda, highlighting the recent industrial visit to Synkromax by II and III-year biotech students.
2. Coordinators shared insights into the student experience during the Synkromax industrial visit, emphasizing the practical exposure gained.
3. Plans for future industrial visits were discussed, considering additional opportunities for enriching students' understanding of industry practices.
4. A seminar on Artificial Intelligence and Data Science, conducted in collaboration with Knowledge Xchange Academy, was reviewed.
5. Coordinators shared feedback on the seminar's success, highlighting participation and the relevance of the topics discussed for II and III-year students.
6. The LabVIEW training program conducted by Harita Tech Serv was introduced, with coordinators discussing the potential benefits for students.
7. Challenges and strategies associated with the implementation of LabVIEW training programs were explored during the meeting.
8. Action items were assigned to coordinators for coordinating future industrial visits, organizing seminars, and refining LabVIEW training initiatives.
9. Plans for soliciting feedback from students on the LabVIEW training program and incorporating improvements were discussed.
10. A timeline for executing future industrial visits, seminars, and LabVIEW training programs was established.
11. The meeting concluded with a summary of key points and an emphasis on continuous collaboration to enhance student learning experiences.

**Minutes of IIPC committee meeting held on 19.10.2022**

1. The IIPC meeting for the academic year 2022-2023 was held on October 19 2022, to discuss and strategize Industry collaboration.
2. The meeting commenced with an introduction to the agenda, emphasizing recent industry visits and training initiatives.
3. A review was conducted on the industrial visits to a Bioinformatics company and Mass Biotech, providing insights into student experiences and industry exposure.
4. Trainings were conducted for III, II, and IV-year ECE students, focusing on NI LabVIEW and CLAD (Certified LabVIEW Associate Developer) certification preparation.
5. Coordinators shared feedback on the effectiveness of the NI LabVIEW and CLAD training sessions, highlighting participant engagement and skill development.
6. The challenges faced during the organization of the industry visits and training sessions were discussed, along with strategies for improvement.

Coordinators explored potential collaborations with companies specializing in Bioinformatics and Biotechnology for future industrial visits and training programs.
