

NATURE OF THE EVENT : WORKSHOP

DEPARTMENT : AI&DS

CLASS (YEAR/SEM) : II A&B & IV

EVENT NAME : Design Thinking and UI/UX Essentials for Future Innovators

INVITED SPEAKER : Mr. C Ganesh Kumar

DATE : 25.01.2025

REPORT:

The session was started with welcome address by delivering introduction about resource person Mr. C Ganesh Kumar, UX Design Engineer, Altimetrik Chennai. The session started with the inauguration of the association "PRAISE" and the session was handed over to the Guest to master the meet. The resource person started his conversation with an introduction of UI/UX design. He explained the trends in UI/UX design. He also elaborated the various career opportunities in the field of Design. The speaker had an interactive Q&A session followed by feedback from the students. The session ended with a vote of thanks.

OUTCOMES:

Students gained knowledge about

- Fundamental concepts of UI/UX Design.
- Applications and various trends in Design & Figma tool.
- Career opportunities in the field of Design.

Dats... Dr. S... Poola...

76 others

📄 🔇 🖱️ ⋮ 📞

This screenshot shows a mobile application interface for a virtual meeting. At the top, the status bar displays the time as 5:41, a data speed of 287.5 K/s, 4G connectivity, and a 30% battery level. Below the status bar, there is a navigation bar with a back arrow, the meeting ID 'vvy-qrxj-scc', and a mute icon. The main content area features a large profile card for 'Dr. S. Gomathi', who is identified as a Microsoft Learn Expert. The card includes a central photo of her and a circular diagram of her credentials, such as 'MCT Community Lead', 'Microsoft Most Valuable Professional', 'Published Author Global Speaker', and 'Asia and India Books of Record Holder'. Below the profile card, a text box states 'Dr. S. Gomathi is presenting'. Underneath this, there are three participant tiles: 'Dats...', 'Dr. S...' (with a video feed), and 'Poola...'. A '76 others' tile is also visible. At the bottom, a control bar contains icons for chat, mute, hand raise, a menu, and a red end-call button.

Dr. S. Gomathi is sharing their screen

📄 🔇 🖱️ ⋮ 📞

This screenshot shows the same mobile application interface, but at a later time of 5:46. The status bar now shows a data speed of 348.6 K/s and a 29% battery level. The meeting ID remains 'vvy-qrxj-scc'. The main content area now displays a screen-sharing view of a website with various articles and images. The text 'Dr. S. Gomathi is presenting' is still present. The participant tiles 'Dats...', 'Dr. S...' (with video), and 'Poola...' are visible. A new notification bar at the bottom of the participant area reads 'Dr. S. Gomathi is sharing their screen'. The control bar at the bottom is identical to the previous screenshot, with icons for chat, mute, hand raise, a menu, and a red end-call button.

NATURE OF THE EVENT	: CODING COMPETITION		
DEPARTMENT	: AI&DS	CLASS (YEAR/SEM)	: I AI&DS
EVENT NAME	: CLASH OF CODE	INVITED SPEAKER	: CLUB COORDINATOR
DATE	: 27.02.2025 &28.02.2025		

REPORT:

The **Clash of Code - C Programming Event** was successfully conducted for the **1st-year students** of the **Department of Artificial Intelligence & Data Science (AI & DS)**. The competition was structured into multiple rounds, testing the participants on fundamental to advanced-level in C programming concepts. Each participant had to complete **two questions**, each carrying **10 marks**. Additionally, there was a **Jackpot question** worth **20 marks**, which was a single solid problem that required a correctly formatted code to earn the full points. The event saw enthusiastic participation, with students engaging in a competitive yet collaborative environment

OUTCOMES:

Students gained knowledge about

- Recall and Revised their understanding of C programming.
- Improved coding skills and logical thinking.
- Developed better problem-solving abilities
- Gained experience in coding competitions.

NATURE OF THE EVENT	:	WOMENS DAY	
DEPARTMENT	:	AI&DS	CLASS (YEAR/SEM) : ALL YEAR
EVENT NAME	:	WOMENS DAY CELEBRATION	INVITED SPEAKER : Mr.Dinesh and Dr.Praveena
DATE	:	10.03.2025	

REPORT:

The session was started with welcome address by delivering introduction about the Seminar. The session started with the inauguration of the association “PRAISE” and “DEEP AI CLUB” the session was handed over to the Coordinators. The session started Introduction to MATPLOTLIB and OPEN CV .Here students have gained knowledge about matplotlib and open cv with deep learning and also the importance in their carrier.

OUTCOMES:

Students gained knowledge about

- Programming language
- Career opportunities in the field of Coding.
- Applications of Matplotlib and Open CV.

NATURE OF THE EVENT	: INDUSTRIAL VISIT	TO ASKAN TECHNOLOGIES, PONDICHERRY	
DEPARTMENT	: AI&DS	CLASS (YEAR/SEM)	: IV YEAR
EVENT NAME	: INDUSTRIAL VISIT	INVITED SPEAKER	: Dr.MEENAKSHI, HR MANAGER
DATE	:24.08.2024		

REPORT:

We a heavenly team of talented strategist, innovative designers, creative web developers and incredible analysts are the masterminds in creating bespoke websites. We blend a potent combination of technology-focused and contemporary solutions with a bountiful splash of creative juices, to deliver a flawless world class digital product that transforms your organization to a new level. Our products are tested by enthusiastic skeptics and perfectionists making it a masterpiece.

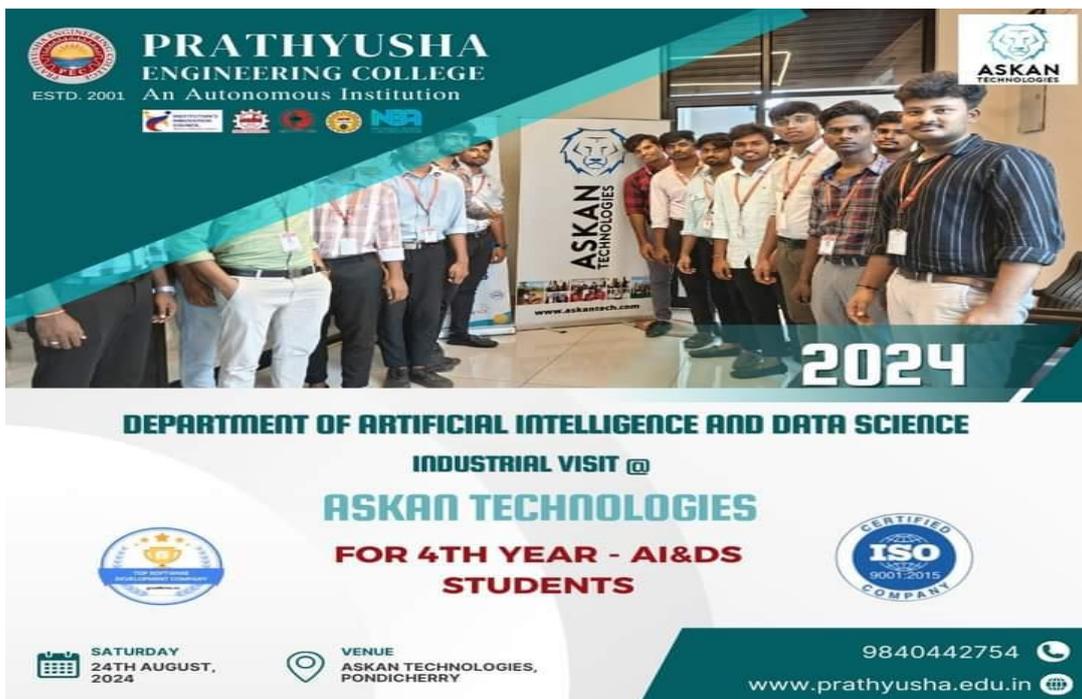

OUTCOME: The objective of the industrial visit is

- To identify and quality input and output of AIML through modern strategies.
- To gain a knowledge about AI TOOLS and other facilities.
- To compare the different varieties of MOBILE APPLICATION SYSTEMS.

EVENT NAME	: INDUSTRIAL VISIT	INVITED SPEAKER	: Mr. SILAMBARASAN PUGAZHENTHI AR/VR ENGINEER,
DATE	:23.09.2024		

REPORT:

MONOLITH RESEARCH AND TRAINING LABS PVT.LTD is the training arm of Monolith Technologies Private Limited, India and part of Monolith associate companies spread across eight countries in Asia Pacific and United Kingdom region. Vision of Monolith's training arm is to create an ecosystem with workforce that is ready to adept and support future media communication technologies. Monolith is also focused to provide research opportunities to identify and develop scalable and economical solutions for problem statements in various domains.

Training programs at Monolith are developed in association with industry experts across the globe and mapped to job roles that are available not just in the current market but also with the future demand in mind. Our training programs are designed and developed to inspire, motivate, and empower them to excel in their desired career.

Objective: The objective of the industrial visit is

- To gain a knowledge about practical exposure to Extended Reality in AR-VR.
- To compare the different varieties of AR-VR Apps and Games

Outcomes:

Industrial visit provided an opportunity for the students to learn through interaction with working Professionals (Industry) and observing working practices. The students would be enlightened to gain knowledge on processing of AR-VR Live Demonstartaions sessions.

NATURE OF THE EVENT	: INDUSTRIAL VISIT	TO NARL, TIRUPATI	
DEPARTMENT	: AI&DS	CLASS (YEAR/SEM)	: II YEAR A SECTION
EVENT NAME	: INDUSTRIAL VISIT	INVITED SPEAKER	: Mr. RAMKUMAR, SCIENTIST
DATE	:9.08.2024		

REPORT:

The National Atmospheric Research Laboratory (NARL) is an autonomous Research Institute funded by the Department of Space of the Government of India. NARL is engaged in fundamental and applied research in the field of Atmospheric Sciences. The research institute was started in 1992 as National Mesosphere-Stratosphere-Troposphere (MST) Radar Facility (NMRF). Over the years many other facilities such as Mie/Rayleigh Lidar, Lower atmospheric wind profiler, optical rain gauged isdrometer, and automated weather stations were added. The NMRF was then expanded into a research institute and renamed as National Atmospheric Research Laboratory on 22 September 2005.

Objective: The objective of the industrial visit is

- To identify and quality input and output of dairy technology through modern strategies.
- To gain a knowledge about data centers and other facilities.
- To compare the different varieties of Weather Recording systems.

Outcomes:

Industrial visit provided an opportunity for the students to learn through interaction with working Professionals (Industry) and observing working practices. The students would be enlightened to gain knowledge on processing of Data storing process.

NATURE OF THE EVENT	: INDUSTRIAL VISIT	TO RETECH, CHENNAI	
DEPARTMENT	: AI&DS	CLASS (YEAR/ SEM)	: II YEAR A&B SECTION
EVENT NAME	: INDUSTRIAL VISIT	INVITED SPEAKER	:Mr.THARIK ANWAR, DIRECTOR
DATE	:15.03.2024		

REPORT:

The RETECH Laser solutions private Ltd, provided students with hands on experience on machines named plot Bot plus and plot Bot pro which performed laser cutting and laser engraving with highest accuracy and precision. The working, construction, principle and dimensions of the machines were explained and the mechanism behind the motors present in the machine is also specified.

Objective:

To learn about the machine known as plot bot plus whose functions were also laser carving, cutting, engraving, designing etc. Students witnessed various live examples of laser designing, grating, cutting and then assembling all of them to create 3d models.

Outcomes:

Student’s gained knowledge on our industrial visit exposed us to it was a very innovative and informative journey towards laser robotic devices in which they attained various new things about laser, laser grafted articles, etc.

EVENT NAME	: INDUSTRIAL VISIT	INVITED SPEAKER	: Mr. SUNDARAM, RESEARCH ASSISTANT
DATE	:23.09.2024 & 24.09.2024		

REPORT:

Indian Institute of Information Technology Design and Manufacturing Kancheepuram (IIITDM Kancheepuram) is a Centre of Excellence for technical education and research established in 2007 by the Ministry of Education, Government of India to pursue design and manufacturing oriented engineering education and research and to promote the competitive advantage of Indian products in global markets.

It is one of the two IIITDMs, the other one being located in Jabalpur. The institute, which was operating from its temporary campus within the Indian Institute of Technology Madras, which was also its mentor institute, has moved to its permanent campus at Kelambakkam-Vandalur road near Chennai in 2011. The institute offers academic and research programs that integrate engineering design, manufacturing and management with information technology.

Objective: The objective of the industrial visit is

- To gain a knowledge about Academic to Industry connect AND DRDO PROJECTS.
- To compare the different varieties of AI&ML LAB, ML LAB,3D PRINTING LAB, IOT LAB.

Outcomes:

Industrial visit provided an opportunity for the students to learn through interaction with working Professionals (Industry) and observing working practices. The students would be enlightened to gain knowledge on processing of AIML AND IOT PROJECTS Demonstrations sessions.
